# GlutenTox<sup>®</sup> Pro

QUICK AND  
**RELIABLE**

Designed especially for commercial kitchens, GlutenTox<sup>®</sup> Pro is a user-friendly gluten detection kit for foods, drinks and surfaces. GlutenTox<sup>®</sup> Pro contains the G12 anti-gliadin antibody that specifically recognizes the 33-mer peptide, the gluten fraction that triggers a reaction in those with celiac disease.

GlutenTox<sup>®</sup> Pro advantages

- » Detects gluten from wheat, barley, rye and oat
- » Adjustable sensitivity: 5, 10, 20, 40 ppm of gluten
- » Long-lasting and shelf-stable
- » Results in less than 20 minutes
- » No special equipment required
- » Unique method to detect oat toxicity
- » Safe and easy to use

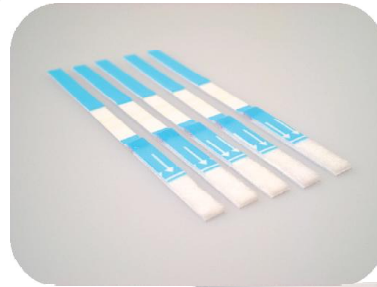

GlutenTox® Pro is a semi-quantitative tool to avoid accidental gluten contamination in foods and drinks, and on surfaces.

Each kit contains 25 single use tests for gluten detection.

To avoid accidental gluten contamination

- » for restaurant kitchens, cafeterias, catering, manufacturers, etc.
- » from incoming ingredients
- » within shared facilities
- » via cooking surfaces and countertops
- » in final products
